Product list:

1- Courts Flooring (Indoor & Outdoor)

Energetic provides premium multipurpose sport flooring and decking. We offer a diverse array of European-made products, including solid and semi-solid wooden flooring, laminated parquet, vinyl and PVC flooring, rubber flooring, SPC flooring, LVT flooring, WPC decking and solid timber wood decking.

2- Sauna & Steam Rooms

At Energetic, we understand the importance of custom made solutions for each customer. By supplying products from industry's leaders in Finland and USA for saunas and steam rooms, we ensure unparalleled quality and durability.

3- Gym Equipment

We take pride in offering a comprehensive range of gym equipments, including supply, installation and maintenance services. Whether you're setting up a commercial gym, corporate fitness centre or a personal home gym, we understand the importance of providing high-quality equipment that meets both your fitness goals and budget requirements.

4- Jacuzzi

Our Jacuzzis provide a soothing escape. Equipped with advanced features and superior craftsmanship, they offer the perfect blend of style and functionality. Whether you're looking to unwind after a long day or enhance your wellness routine, our Jacuzzis deliver unparalleled hydrotherapy benefits.

5- Smart Lockers

Energetic's Smart Lockers offer secure and convenient storage solutions for various industries. It features RFID Card Access and Wristband Access. Built with high-quality materials, our Smart Lockers provide user-friendly interfaces and customizable configurations, making them ideal for staff storage, gyms and package delivery systems.

6- Access Control Gates

Our Access Control Speed Gates ensures secure and efficient access control for high-traffic areas. It supports multiple authentication methods such as Facial Recognition, RFID Card and Wristband Access. Durable and reliable, the sleek design integrates seamlessly into any setting.
